#designperth

A joint vision for a connected, sustainable and liveable city

In partnership with the Australian Greens, CODA Studio and CUSP, join us for the launch of the #designperth report.

For the first time ever we will quantify the economic benefits of precinct scale regeneration in our city.

Together, we have redesigned and activated Perth’s transport corridors through innovative design-led solutions and developed a roadmap for a future Perth.

Speakers will include:

Scott Ludlam, Co-Deputy Leader of the Australian Greens

Kieran Wong, Director, CODA Studio

Professor Peter Newman, CUSP

June 3, 2016, 7.15 am for a 7.30 start, Hyatt Regency Perth
