

COMMERCIAL OFFICE BREAKFAST
WHO'S DRIVING DEMAND
CoWorking v Spec Suites

While the emergence of new co-working operators in the Brisbane CBD has made headlines, demand for traditional small suites has remained strong.

But how long can these two drivers of leasing activity grow concurrently? Is co-working attracting a new breed of office tenant, or consuming regular demand?

Hear the key insights of those at the cutting edge of our changing office landscape.

Find out the impact of this new market dynamic on portfolios, and the approaches being adopted by asset owners to minimise risk.

Discover how the spec suite market is evolving to adapt to this disruption, and what the future holds for leasing activity in Brisbane.
